# Architectural Design/Digital Drafting

DIRECT FROM THE CLASSROOM, "...every line, every color, every design must have a purpose."

## Build job skills, earn a certificate and transferable credits

Our program provides professional drafting and design courses for individuals seeking basic and advanced digital drafting techniques including: Building Information Modeling (BIM), now in great demand at architecture and engineering firms; plus complex residential mixed-use and commercial architectural design projects; essential for placement in NAAB accredited Bachelor of Architecture degree programs. Visit [www.glendale.edu/arch](http://www.glendale.edu/arch) to view transfer-ready student portfolios featuring course projects displayed in our Annual Architectural Student Exhibit.

For students seeking a Bachelor of Architecture degree: our **Architecture Drafting and Design Certificate Program** is articulated with the New School of Architecture in San Diego and is recognized by local universities. For program and transfer information students should meet with a counselor.

Our curriculum stresses proficiency in modern drafting programs and building systems that meet or exceed current industry standards. Students proficient in **Building Information Modeling (BIM)** and building code may take advantage of opportunities in today's technical and design level careers.

Select

### courses

- DRAFTING AND BASIC DESIGN
- ARCHITECTURAL DRAFTING AND DESIGN
- PERSPECTIVE GRAPHICS
- ARCHITECTURAL PRINT READING
- BUILDING CODE
- BASIC AND ADV RESIDENTIAL DESIGN

For details call: 818-240-1000 ext. 5528 or 1379 or visit [www.Glendale.edu/arch](http://www.Glendale.edu/arch)

- DESCRIPTIVE GEOMETRY
- BASIC AND ADVANCED REVIT ARCH, MEP AND STRUCTURE
- ARCHITECTURAL PORTFOLIO
- BASIC AND ADVANCED COMMERCIAL ARCHITECTURAL DESIGN

- BASIC AND ADVANCED AUTO CAD
- BASIC AND ADVANCED 3D STUDIO MAX FOR ARCH AND ENGRG
