

Introducing OWL - Online. Wired. Learning.
An Online Learning Community of Practice @ GCC

OWL

Online. Wired. Learning.
an online learning community @ GCC

OWL is here to inspire all faculty to participate and collaborate in Distance Education workshop, conferences, webinar, presentation or online certification learning modules. OWL is our branded approach to our DE training process. OWL will represent all the Staff Development workshops that will focus on online instruction and design. OWL will maintain an open conversation through social media via Twitter and Pinterest. Together we can be Online, Wired, and Learning!
