853 **stratification of GCCD's mission. VP Instructional Services; ongoing X**

- 854 · The primary mission of a community college in California is to offer programs that lead toward
- 855 the associate degrees, CTE certificates, or transfer to four-year colleges or universities, and, in the
- 856 case of GCCD, noncredit continuing education.
- 857 · The secondary mission relates to administrative and student service support functions that are
- 858 critical for achieving the primary mission.
- 859 · A tertiary mission might be those programs that pertain to life-long learning, community
- 860 education, contract education, etc.
- 861 · _____ This stratification provides the relative value of programs and services to GCCD's mission.

- 886 · Elimination of the cost of mistrust – compliance and audit costs
- 887 · Target unneeded subsidies
