HOW TO SPLIT COURSE CONTENT SECTION (& OTHER LISTS) ONTO MULTIPLE PAGES

FOR WINDOWS USERS

Break up course outline lists (e.g. Course Content, Course Entry Expectations, etc.) in MS Word to prevent them from automatically forcing entire sections onto the next page. Click and drag to select the entire list (e.g. Course Content section). Click on HOME tab, open the PARAGRAPH pane, and in LINE & PAGE BREAKS tab, totally **unselect** KEEP WITH NEXT.
