

FALL 2018
CULTURAL DIVERSITY:
THE ROAD TO
SOCIAL CHANGE
Lecture Series

MILES LEWIS
Artist and Conservationist

Miles Lewis is an artist and conservation educator working with 5 Gyres, the ocean plastics advocacy. His world view is shaped by the joint objective of creating and conserving beautiful things. By presenting on the material economy and the particular subject of plastics - past, present, and future - he hopes to encourage a deep and mindful materialism. This information should provide students with a perspective that is both personally and professionally rewarding, as well as environmentally holistic.

ZERO WASTE/ MATERIAL MINDFULNESS PRESENTATION

- 1. Why do we live in a disposable culture?**
- 2. How can we drastically reduce our waste with one decision?**
- 3. What is the circular economy that we can all participate in?**
