

Destigmatize * Educate * Empower
DSPS in collaboration with Armenian Autism Outreach
Project (AAOP) presents

AUTISM 101:

AN INTRODUCTION

TO AUTISM IN THE COLLEGE CLASSROOM

Learn more about Autism Spectrum Disorder (ASD). What is it? What are its common manifestations? What are the potential strengths of an individual with autism? And how does all this play out in the college arena and employment? Join GCC's Rita Zobayan and Ellen Oppenberg along with Taleen Khatchadourian, Dr. Sonia Konialian Aller, and Kristine Aslanyan from AAOP for this informative session.

Open to the GCC Community: students, staff, faculty, and administration. Student raffle prizes, FLEX, and CPGU available!

Please contact our Lead Interpreter/Coordinator, Kim Weissman, at kweissman@glendale.edu for ASL/RTC services.

DSPS thanks ASGCC for its sponsorship of this event.
