INFORMATIONAL REPORT NO. 1

TO: Board of Trustees

SUBMITTED BY: David Viar, Superintendent/President

REVIEWED BY: Michael Ritterbrown, Vice President, Instructional Services

PREPARED BY: Edward Karpp, Dean, Research, Planning, and Grants

SUBJECT: ENROLLMENT UPDATE

---

DESCRIPTION OF HISTORY / BACKGROUND

California community colleges' apportionment revenues from the state are based on the enrollments of resident students. Enrollments are converted into Full-Time Equivalent Students (FTES) numbers for apportionment reporting. The attached report includes updated enrollment numbers and projections.

One FTES, whether credit or noncredit, is defined by state regulations as 525 hours of student contact. Most credit courses use a weekly accounting method: They meet the same number of hours every week, and apportionment is based on a calculation of hours per week times number of weeks divided by 525. Credit courses shorter than a full semester (such as 8-week courses, or Summer and Winter courses) use an analogous daily accounting method. Both weekly and daily courses use a census date to determine enrollments and FTES.

All noncredit courses and a small number of credit courses use positive attendance accounting, which is not based on enrollment and class sessions per week but rather on the actual hours that students attend class. Each student's attendance is tracked for every class session. The total number of attendance hours is divided by 525 to calculate FTES based on positive attendance. FTES based on positive attendance is more difficult to project than FTES based on weekly or daily accounting because students' actual attendance must be tracked every day, rather than using a defined census date.

Due to the COVID-19 emergency, the Chancellor's Office has approved alternative positive attendance methods for classes held through distance education. The table included here shows actual FTES rather than FTES calculated by this method.

Educational administrators are those who exercise direct responsibility for supervising the operation of or formulating policy regarding the instructional or student services programs of the District.

An educational administrator who has not previously acquired tenure as a faculty member in the District shall have the right to become a first-year probationary faculty member once his/her administrative assignment expires or is terminated, if the following criteria are met:

- The administrator meets the criteria established by the District for minimum qualifications for a faculty position, in accordance with procedures developing jointly by the Superintendent/President and the Academic Senate and approved by the Board. Compensation shall be set by the Board upon recommendation by the Superintendent/President. Educational Administrators shall further be entitled to health and welfare benefits made available by action of the Board upon recommendation by the Superintendent/President

Every educational administrator shall be employed by contract based on the following:

- Vice President: up to three years in duration

The Board may, with the consent of the administrator concerned, terminate, effective on the next succeeding first day of July, the terms of employment and any contract of employment with the administrator, and reemploy the administrator on any terms and conditions as may be mutually agreed upon by the Board and the administrator, for a new term to commence on the effective date of the termination of the existing term of employment.

If the Board determines that the administrator is not to be reemployed when his/her appointment or contract expires, notice to an administrator shall be in accordance with the terms of the existing contract. If the contract is silent, notice shall be in accordance with Education Code § 72411.

~~1. Physical examinations, by the District physician designated by the District to examine personnel, are required in the following circumstances:~~

~~a. New employment—classified, probationary academic, and long-term substitute positions. Continuing long-term substitutes shall be examined at the discretion of the Health Services staff.~~

~~b. Upon return from an illness of more than six months duration.~~

~~c. Whenever a request is made by the immediate supervisor or director of personnel.~~

~~1) In such cases further examination may be required, without cost to the individual.~~

~~d. Any laboratory work which is requested by the District physician in order to complete the diagnosis will be paid for by the District.~~

~~e. Applicant for first employment in an academic position in California must meet the requirement of E.C. 87408.~~

~~f. Employees wishing to continue service beyond age 70 are subject to the provisions of Board Policy 4124.~~

~~2. Written approval from the attending physician is required:~~

~~a. Upon return from absence of fifteen working days or more due to illness. The physician's clearance must reach Health Services one working day prior to the employees intended return.~~

- ~~b. Upon return from surgery or from illness requiring hospitalization, regardless of the duration of absence.~~
  - ~~c. Of employees using casts or orthopedic devices at work. Such employees shall be required to present to the College Superintendent/President or his/her designee a Health Office approval slip. Prior release from the treating physician is necessary for Health Office approval.~~
  - ~~d. Of any employee whose absence extends beyond 15 working days. The statement shall give the diagnosis and prescribed treatment, and an estimate of the expected duration of the illness. In the event that the employee does not return within the estimated time, a conference will be held between the attending physician and a member of Health Services staff to determine the employee's status.~~
- ~~3. If there is a question regarding the advisability of any employee returning to a full-time position, the following procedure shall be followed:~~
- ~~a. The decision for the return of that employee shall be based upon the judgment of three doctors, namely: the District physician, the patient's own physician, and a third, a specialist in the illness involved, approved by the attending District physician and the patient's own physician.~~
  - ~~b. Expenses of the patient's own physician shall be borne by the patient, and the District physician and the specialist by the Board of Trustees.~~
  - ~~c. A consultation opinion shall be rendered by the three physicians to the Board of Trustees, and to the patient or the patient's family, regarding the ability of the patient to assume a full-time position, part-time work, or no work.~~
  - ~~d. The Board of Trustees shall immediately notify the teacher or his/her family of its final decision.~~
  - ~~e. If the employee is determined to be eligible to return to work and fails to do so, his/her continued absence will then be charged to personal leave.~~
- ~~4. Employees are required to obtain and submit reports of evidence of freedom from tuberculosis as follows:~~

- ~~a. All persons employed in a capacity requiring routine personal contact with students, including long term substitutes and part time assignments, shall present prior to the first day of work a statement prepared by a licensed physician and surgeon certifying that within the preceding sixty day period the person has been examined by the use of an x ray of the lungs or by an intra dermal tuberculin test which, if positive, is followed by an x ray of the lungs and is found to be free of active tuberculosis. The cost of such pre employment examination shall be paid by the applicant for employment.~~
- ~~b. Every four years thereafter during period of employment, with the exception of food handlers who must submit reports every two years.~~
- ~~c. If the examination of the employee results in a statement that the employee is suspected of having active tuberculosis, he/she shall immediately be relieved of his/her duties, shall be granted accrued sick leave benefits and shall be reinstated only after conclusive evidence is presented that he/she is free of active tuberculosis.~~
- ~~d. If an employee fails to submit evidence of the x ray examination by the anniversary date of his/her prior examination:~~
- ~~1) He/she shall immediately be relieved of his/her duties, shall be placed on personal leave with full loss of pay, without loss of accrued employee benefits, and shall be reinstated only after an examination has been completed and satisfactory evidence has been submitted directly to the District Health Services Office indicating he/she is free of active tuberculosis.~~
  - ~~2) His/her pay warrant will be withheld until satisfactory evidence has been submitted directly to the District Health Services Office.~~
- ~~e. The regular four year x ray examination will be paid for by the College District if the employee makes use of the mobile x ray units scheduled by the College District. If the examination is made by the employee's personal physician, the cost of examination shall be paid by the employee.~~
- ~~f. When communicable disease is suspected in any employee, this knowledge should be transmitted to the District Health Services Office. If deemed advisable or necessary, an x ray examination of the employee may be required.~~

~~5. Employees ill with possible communicable diseases are governed by the regulations applying to pupils. The College nurse will make recommendations regarding exclusion and return of persons with such illness.~~

#### TRAVEL

The Superintendent/President is authorized to attend conferences, meetings and other activities that are appropriate to the functions of the District.

The Superintendent/President shall establish procedures regarding the attendance of other employees at conferences, meetings, or activities. The procedures shall include authorized expenses, advance of funds, and reimbursement.

- Travel within the State of California, after obtaining approval from proper channels, is to be submitted to the appropriate Vice President or Superintendent/President for consideration of approval.
- Travel outside of the State of California, but within the country, after obtaining approval from proper channels, is to be submitted to the Superintendent/President for consideration of approval.
- All travel outside the United States must be approved in advance by the Board of Trustees.
- All reimbursement of travel will be Board approved.

Government Code Section 11139.8 prohibits a state agency from requiring its employees, officers, or members to travel to, or approving a request for state-funded or sponsored travel to, any state that, after June 26, 2015, has eliminated protections against discrimination on the basis of sexual orientation, gender identity, or gender expression. This prohibition also applies to any state that has enacted a law that authorizes or requires discrimination against same-sex couples or their family or on the basis of sexual orientation, gender identity, or gender expression, subject to certain exceptions. The California Community Colleges Chancellor's Office has indicated it will not approve requests from local community college districts to travel to a restricted state. The California Community Colleges Chancellor's Office has also opined that Government Code Section 11139.8 does not apply to local community college districts. However, California law has recognized local community college districts as state agencies for certain purposes, among those is the community college funding mechanism. Thus, districts should consult with legal counsel in implementing Government Code Section 11139.8.

The Superintendent/President shall establish procedures regarding the reporting and investigation of suspected unlawful activities by district employees, and the protection from retaliation of those who make such reports in good faith and/or assist in the investigation of such reports. DESCRIPTION OF HISTORY/BACKGROUND

**ADMJ 160 – Community and the Justice System**

ADMJ 160 examines the complex, dynamic relationship between communities and the justice system. While studying the theoretical concepts of law enforcement, students learn the history of multiculturalism in the U.S. and discuss the key issues that plague communities of color such as implicit bias, racism and excessive force. Students have opportunities to explore better strategies for policing multi-cultural communities, including but not limited to, alternatives to incarceration.

**AT 119 – Private Pilot Airplane Practical Test Preparation**

AT 119 is a ground training course designed for the student who is receiving flight training toward the private pilot certificate (license) with an airplane single engine land rating. Students will study in more depth the concepts presented during ground and flight training and learn how to apply them in real-world situations. The course includes oral practice answering scenario-based questions to prepare the student for the oral portion of the FAA practical test for the private pilot airplane certificate.

**PSYCH 104H – Honors Social Psychology**

PSYCH 104H considers individual human behavior in relation to the social environment. The power of the situation, other individuals, and the social group are examined. Emphasized topics include: aggression, prejudice and stereotypes, interpersonal attraction, attitudes and attitude change, conformity, group phenomena, gender roles, cultural norms, person perception, and social cognition.
