EOPS UPDATES

- All EOPS students are required to meet with an EOPS counselor three (3) times during the fall 2024 semester (August 26th- December 18th).
 - **Failure to meet all three contacts, by the deadline, will have implications for your EOPS benefits. Review the EOPS Mutual Responsibility Contract (MRC) and EOPS Counseling Requirements webpage** for more details related to the purpose of each counseling meeting!
- **Counseling Appointments** are available in-person, by phone and online through Zoom. Use the EOPS Appointment Request Form to schedule your next appointment. Appointments are scheduled for 30 minutes, and we can discuss your educational and career goals, create an educational plan, discuss career and transfer options, make course recommendations and much more!
- **Drop In Counseling** is available each week. Visit the EOPS home page to view the weekly schedule. Click here to read more about how to access and use EOPS Drop-in Counseling. **Please note that students are allotted 15 minutes during drop-in to discuss: problems with registration, problems with current classes, tutoring referral, study list for next term, petitions, transfer questions, course revisions for approved financial aid contract or other quick questions.**
- For EOPS program related questions, meet our EOPS Student Services Assistants live remotely through Zoom and in-person at the EOPS office window, Sierra Vista 3rd Floor. Click here to view the weekly in-person and online live support hours.

FOSTER YOUTH SUPPORT PROGRAM

By: Nick Bravo

The Foster Youth Support Program is here to support current and former foster youth students. We have an amazing team that is available to support you throughout your journey at GCC and beyond! The goal of the Foster Youth Support program is to assist students in their educational journey by providing a sense of community and a supportive environment at Glendale Community College. We support foster youth through financial and academic resources to ensure they have every opportunity to succeed in higher education. The Foster Youth Support Program operates within the EOPS program office at Glendale Community College.

The Foster Youth Support Program provides many resources and support services to students. The program has a dedicated counselor who can assist you with creating your Student Educational Plan, provide academic, career, financial aid, and transfer counseling, while developing a supportive environment on campus for you. In addition, the Foster Youth Support Program provides financial assistance to help with groceries, textbooks, transportation, as well as technology needs.

To apply for the foster youth program, complete and submit the EOPS application online. Students who join the program will be required to meet with a Foster Youth Support Program counselor. If you are former or current foster youth, feel free to reach out to the EOPS office to get more information. Please share the word with your peers about this great program!

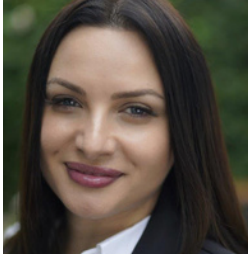

CARE (Cooperative Agencies Resources for Education)

CARE is a supplemental component of the EOPS program designed to provide educational support services and activities for single parents who are CalWORKs cash aid recipients. The goal of CARE is to reduce long-term welfare dependency and support the needs of the single parent for economic self-sufficiency. Andrineh Dilanchian is our dedicated counselor who will be working closely with our CARE students and providing counseling support services to help students reach their academic and career goals.

CARE students must be eligible for EOPS services. For more program information and the application process, visit the CARE Program website.

MEET OUR NEW EOPS COUNSELORS

We are thrilled to announce the addition of three new adjunct EOPS counselors to our team. Please join us in welcoming Hasmik Grigoryan, Diana Martinez, and Samuel Sassoon, who bring a wealth of experience and enthusiasm to our counseling services.

Hasmik Grigoryan joins us as a former GCC student. She has several years of experience working with students throughout their educational journey. Hasmik can offer guidance in three languages: Armenian, Russian, and English. She holds two M.A. degrees in Education and Psychology and Professional Clinical Psychology. She is looking forward to working with each and every one of you and contributing to your success here at GCC. Your journey is important to her and she is eager to be part of it.

Diana Martinez is a first-generation college student and is grateful to have been part of programs similar to EOPS throughout her time in high school and college. Through these programs she found counselors and community that believed, encouraged, and guided her. She attended UC San Diego where she majored in Ethnic Studies with a minor in Spanish Literature. After UCSD, she attended USC and earned a master's degree in Educational Counseling. She joins us with over 10 years of counseling and teaching experience. When she is not working, she enjoys spending time with her family, long distance running, dancing in her ballet folklorico group, and trying out a new coffee shop. Humor and adventure are a core part of who she is and she is looking forward to meeting you. Stop by and say hello!

Samuel Sassoon is a former community college student who attended Santa Monica College and then transferred to UC Berkeley as a Sociology major. After graduating and working in the technology industry as a recruiter, he changed career paths and pursued counseling. He attended CSULB for his master's degree in counseling and has been working in EOPS for the past five years as an intern and counselor. He is excited to join the EOPS program here at GCC and looks forward to meeting with you and supporting you in your academic success!

We are excited to have them on board and look forward to the positive impact they will have. We invite you to come meet them during our open house on Wednesday, September 22nd from 12-1 PM in the EOPS office, or through a counseling appointment.
