**Dear GCC Students,**

We hope you and your loved ones are safe. The recent fires and strong winds have deeply impacted our community. For those affected, we are here to support you with all available resources.

Our campuses are in its own recovery process, and we're working on three goals:

1. Safely reopening all GCC campuses.
2. Supporting students impacted by the wildfires.
3. Repairing and restoring campus facilities.

### **Campus Reopening**

***We are preparing for campus reopening tomorrow, Wednesday, January 15, 2025.*** However, we will continue to closely monitor all relevant conditions and be prepared to address any unforeseen changes.

The following steps are being taken to support a safe return:

- Replacing air filters and testing air quality.
- Cleaning interior spaces following safety standards.
- Monitoring conditions closely and sharing updates.

Some areas, like the Vaquero Athletic Complex, will remain under repair. KN95 masks will be available, and we ask everyone to keep windows and doors closed to minimize debris.
