Non-Resident Tuition

Nonresident students shall be charged nonresident tuition for all units enrolled, unless specifically required otherwise by law. Not later than March 1 of each year, the District shall bring to the Board of Trustees for approval an action to establish nonresident tuition for the following fiscal year. The fee shall be calculated in accordance with guidelines contained in applicable state regulations and/or the California Community College Attendance Accounting Manual.

The District shall establish procedures regarding collection, waiver, and refunds of nonresident tuition.

The District is authorized to implement a capital outlay fee to be charged only to persons who are both citizens and residents of foreign countries. The Board of Trustees finds and declares that this fee does not exceed the amount expended by the District for capital outlay in the preceding year divided by the total FTES in the preceding fiscal year.

Students who would otherwise be charged this fee shall be exempt if they demonstrate that they are a victim of persecution or discrimination in the country of which they are a citizen and resident, or if they demonstrate economic hardship. Students shall be deemed victims of persecution or discrimination if they present evidence that they are citizens and residents of a foreign country and that they have been admitted to the United States under federal regulations permitting such persons to remain in the United States. Students shall be deemed to have demonstrated economic hardship if they present evidence that they are citizens and residents of a foreign country and that they are receiving Temporary Assistance for Needy Families Program, Supplemental Income/State Supplementary benefits, or general assistance.

Students who would otherwise be charged this fee shall be exempt if they demonstrate that they have a parent who has been deported or was permitted to depart voluntarily, they moved abroad from California as a result of that deportation or voluntary departure, and they attended a public or private secondary school in the state for three or more years. Upon enrollment, students who qualify for this exemption must be in their first academic year as a matriculated student in California public higher education, live in California, and file an affidavit with the District stating that they intend to establish residency in California as soon as possible.

Students who are both citizens and residents of a foreign country, or who are legally unable to establish residency in California, may be eligible for an exemption from nonresident fees based on individual financial need, as determined by regulations set by the Chancellor. The total number of such exemptions granted shall not exceed 10 percent (10%) of the District's students who are both citizens and residents of a foreign country during the applicable term.
