### **GCC Welcome Center Wall Wrap Proposal**

The Welcome Center serves as the front door of Glendale Community College (GCC), offering vital first impressions to prospective and current students, their families, and community partners. This proposal requests funding to support a comprehensive facility branding project through the installation of vibrant, strategically designed wall and window wraps. These visual enhancements aim to create a welcoming, informative, and student-centered space that aligns with GCC's mission to promote access and student success.

The proposed wall wraps will feature multicultural "Welcome" messaging, college branding elements, and directional visuals, including privacy-enhancing wraps for office windows, full wall graphics for key internal spaces, and perforated window wraps for external visibility. Together, these enhancements will establish a strong, cohesive identity for the Welcome Center and improve navigation, engagement, and first-contact experiences.

### **Strategic Alignment**

This project directly supports the following goals outlined in GCC's 2018–2025 Institutional Strategic Plan:

- **C.1: Promote access by expanding outreach to prospective traditional and non-traditional students, including effective use of branding.**  
The refreshed and cohesive design of the Welcome Center promotes brand recognition and establishes GCC as an inviting, inclusive, and innovative institution. The visibility of the building from both interior and exterior perspectives enhances our outreach efforts—especially to non-traditional students, families, and community members who may be unfamiliar with college environments.
- **F.2: Increase employee awareness of available resources and services for students so students are directed appropriately both in-person and online.**  
The interior signage and design elements will support onboarding and triage by providing visual cues and service information at key entry points. This makes it easier for employees—particularly student workers and part-time staff—to guide visitors efficiently, improving overall service quality.
- **F.7: Ensure safe, student-friendly, clean, functional, and physically accessible campuses.**  
Clear, legible, and multilingual signage supports campus wayfinding and fosters an environment that is welcoming to all. The new designs improve the physical accessibility of our services by helping students self-navigate and by supporting those who may experience language or processing barriers.

### **Budget Overview**

The total cost for design, fabrication, printing, and installation of all wall and window wraps is **\$11,160**, as detailed in the attached vendor quote. This includes:

- External window wraps with 70/30 perforated material: \$3,315
- TV wall full coverage wrap: \$4,638
- Office window wraps for privacy and branding: \$2,141
- Welcome wall interior wrap: \$1,066

These prices include all materials, custom design work, and professional installation. The proposal requests full funding from the GCC Foundation to support this one-time capital investment. Quotes were originated in 2024 and may have slightly higher costs than the original \$11,160 listed in this proposal.

### **Impact and Sustainability**

The visual branding will enhance the physical environment of one of the most visited buildings on campus, serving over 10,000 guests annually through in-person tours, counseling appointments, enrollment support, and outreach events. The professional-grade wraps are durable and require minimal maintenance, ensuring longevity and sustained impact for years to come.

Superintendent/President Dr. Ryan Cornner

Board of Trustees Dr. Sevan Benlian • Yvette Vartanian Davis • Dr. Armine Hacopian • Desirée Portillo Rabinov • Ann H. Ransford

**Conclusion**

The proposed Welcome Center wall wrap project represents a high-impact, low-maintenance investment in student experience, institutional identity, and operational effectiveness. By funding this initiative, the GCC Foundation will directly contribute to the college's strategic goals of access, outreach, service, and campus environment. We appreciate your consideration and look forward to the opportunity to enhance how students and the community experience Glendale Community College.
