Course Description and Course Note:	MUSIC 126 explores the dynamic history of Western European music from 1750 to the present. Students learn how music was shaped by the cultural, intellectual, and social forces of each era, with a focus on styles, composers, and musical trends. Students will attend two (2) concerts featuring music from the time periods studied and submit two (2) concert reports based on these performances. It is recommended to take MUSIC 125 and MUSIC 126 within the same academic year for a complete overview of music history. A basic understanding of music notation is strongly encouraged to help students follow scores and complete basic music analysis.
